Hoàng Kim Quang
Software Engineer
0982667555 - quangh922@gmail.com - Thụy Sơn , Thái Thụy, Thái Bình, Tỉnh Thái Bình
19/04/2002 - https://github.com/KimQuang19

Summary

- I have expertise in programming languages such as Python and C#
- I also have experience working with relational databases such as MySQL and SQL Server, as well as source code management tools such as Git.

- I am hoping to find an internship as a software developer
-

Technical Skills

- **AI / Machine Learning/ Big Data:** SQL Server, Entity framework 6, ASP.NET MVC, Python, .NET.

Education

Hanoi University of Industry | 09/2021 - Present
Major: Computer Science
GPA : 3.13/4

Languages

English | Intermediate

Projects

Project: Handwriting Recognition Model
Time: 3 months
Description:
Description: Develop an automatic handwriting recognition system that converts handwriting images into digital text.
Programming language: Python
Libraries: TensorFlow/Keras, OpenCV for image processing, NumPy for data manipulation.
Model: CNN (Convolutional Neural Network)
Other tools: Matplotlib for data visualization, Jupyter Notebook for model development and testing.
